# VEX EDR TEACHER TRAINING
ONLINE CLASSES

Learn how to use the VEX EDR Robot, ROBOTC & VCS to teach Science, Technology, Engineering & Math (STEM) concepts in your classroom

- Convenient online training gives you access from home or your school via the Internet

- Online access to Video Trainers site with training.

- Online access to supplemental lessons from other Robotics Academy materials.

- Technical support for all hardware and software used in the class.

- At the end of the course take the certification test to become a Robotics Academy Certified Instructor.

- Opportunity for Certificate of Completion to apply for Continuing Education hours.

- 24/7 access to class forums and message boards (monitored daily.)

TUITION

$199 course registration fee includes all class fees, use of Robotics Academyproducts where specified, class-specific technical support, access to virtual office hours, access to forums and message boards, and certificate of completion for attendees who complete all course requirements.

There is no scheduled class. You can train at your own pace and at any time you want!

Curriculum developed at CMU Robotics Academy and University of Pittsburgh's Learning Research Development Center

Carnegie Mellon Robotics Academy
